APPENDIXSTUDENT COMMITTEE
FOR TRAVEL TO CUBA

"The Columbia Owl", weekly student newspaper of Columbia University, New York City, December 13, 1962 issue, page one, contained an article entitled, "Students to Visit Cuba During Holidays." This article stated in part that the Ad Hoc Student Committee for Travel to Cuba was formed October 14, 1962, by a group of students from New York City universities, the University of Wisconsin, Oberlin College and the University of North Carolina, who stated that as students they would like a chance to see and evaluate the situation in Cuba for themselves and had received an offer of transportation and two weeks stay in Cuba from the Federation of University Students in Havana, as guests of the Federation. The Committee accepted the offer and applied to the United States State Department for passport validation which was refused; however, over fifty students planned to defy the State Department ban and go to Cuba.

A source advised on December 6, 1962, that during December, 1962, it was learned that the Ad Hoc Student Committee for Travel to Cuba had recently been formed by the Progressive Labor Group.

A second source advised on September 13, 1963, that a group of 59 individuals who had assembled in New York City, departed New York City by air on June 25, 1963, and traveled to Paris, France, Prague, Czechoslovakia, and then to Havana, Cuba. The group remained in Cuba until August 24, 1963, at which time they departed by air for New York City via Madrid, Spain. The group arrived in New York City on August 29, 1963.

APPENDIXSTUDENT COMMITTEE
FOR TRAVEL TO CUBA (CONT'D)

The same source advised that the leaders of the group were members of Progressive Labor and the trip was planned and organized by Progressive Labor members.

"The Columbia Owl", March 11, 1964 issue, page one, carried an article captioned, "Another Visit to Cuba Students Will Defy Student Travel Ban This Summer." This article sets forth in part that three members of the Student Committee for Travel to Cuba spoke at an assembly sponsored by the Progressive Labor Club of Columbia University. At this assembly, VICKI ORTIZ, Student Committee for Travel to Cuba campus representative, stated that the Federation of University Students in Havana had extended another invitation for 500 students to visit Cuba in 1964. Miss ORTIZ stated that the Student Committee for Travel to Cuba was, therefore, planning another trip to Cuba in July, 1964.

A third source advised on February 6, 1964, that he had received information that the name of the Ad Hoc Student Committee for Travel to Cuba was changed to the Permanent Student Committee for Travel to Cuba, in February, 1963. After the group arrived back in the United States from Cuba, in the latter part of August, 1963, the name of the organization was changed to the Student Committee for Travel to Cuba.

A fourth source advised on October 9, 1963, that the Student Committee for Travel to Cuba was utilizing Post Office Box 2178, New York 1, New York, as its mailing address.

This article stated in part that the Ad Hoc Student Committee for Travel to Cuba was formed October 14, 1962, by a group of students from New York City universities, the University of Wisconsin, Oberlin College and the University of North Carolina, who stated that as students they would like a chance to see and evaluate the situation in Cuba for themselves and had received an offer of transportation and two weeks stay in Cuba from the Federation of University Students in Havana, as guests of the Federation. The Committee accepted the offer and applied to the United States State Department for passport validation which was refused; however, over fifty students planned to defy the State Department ban and go to Cuba.

A source advised on December 6, 1962, that during December, 1962, it was learned that the Ad Hoc Student Committee for Travel to Cuba had recently been formed by the Progressive Labor Group.

A second source advised on September 13, 1963, that a group of 59 individuals who had assembled in New York City, departed New York City by air on June 25, 1963, and traveled to Paris, France, Prague, Czechoslovakia, and then to Havana, Cuba. The group remained in Cuba until August 24, 1963, at which time they departed by air for New York City via Madrid, Spain. The group arrived in New York City on August 29, 1963.

APPENDIX

STUDENT COMMITTEE
FOR TRAVEL TO CUBA (CONT'D)

The same source advised that the leaders of the group were members of Progressive Labor and the trip was planned and organized by Progressive Labor members.

"The Columbia Owl," March 11, 1964 issue, page one, carried an article captioned, "Another Visit to Cuba - Students Will Defy Student Travel Ban This Summer." This article sets forth in part that three members of the Student Committee for Travel to Cuba spoke at an assembly sponsored by the Progressive Labor Club of Columbia University. At this assembly, VICKI ORTIZ, Student Committee for Travel to Cuba campus representative, stated that the Federation of University Students in Havana had extended another invitation for 500 students to visit Cuba in 1964. Miss ORTIZ stated that the Student Committee for Travel to Cuba was, therefore, planning another trip to Cuba in July, 1964.

A third source advised on February 6, 1964, that he had received information that the name of the Ad Hoc Student Committee for Travel to Cuba was changed to the Permanent Student Committee for Travel to Cuba, in February, 1963. After the group arrived back in the United States from Cuba, in the latter part of August, 1963, the name of the organization was changed to the Student Committee for Travel to Cuba.

A fourth source advised on October 9, 1963, that the Student Committee for Travel to Cuba was utilizing Post Office Box 2178, New York, as its mailing address.

ROBERT STEELE COLLIER

A review on July 21, 1964, of the military service records on file at the Military Personnel Records Center, St. Louis, Missouri, indicated Robert Steele Collier, Serial Number AF 11 279 400, enlisted in the United States Air Force on April 8, 1954, and entered on active duty on the same date at Boston Army Base, Massachusetts.

He was undesirably discharged on March 25, 1957, as an Airman Basic at Manhattan Beach Air Force Station, Brooklyn, New York by reason of conviction by a civil court while in service.

His record indicated he was tried and convicted by the Magistrates Court, The Hyde, Hendon, London N. W.-9, England on October 18, 1956 for unlawfully wounding a British subject and was ordered to pay a fine of fifty pounds (\$140.00). This incident involved an altercation between Collier and two of his friends, and the manager and patrons of a public house (pub). During this altercation, Collier and one of his friends were stabbed and the manager of the pub was slashed severely on the hands. BUREAU NOTE:

Subject, born 1/27/37, Boston, Massachusetts, traveled to Cuba in 1964 under the auspices of the Student Committee for Travel to Cuba. After his return to U.S. from Cuba he became associated with individuals connected with the Revolutionary Action Movement (RAM) in Chicago, Illinois. RAM is a black nationalist organization with violent tendencies which follow the Chinese Communist line. He has been described by reliable sources as the Boston representative of RAM with full and complete knowledge of RAM's aims and purposes.

We attempted to interview him re his Cuba trip; however, he refused to be interviewed.

He received an undesirable discharge from Air Force 1957 because of his involvement in a stabbing and subsequent conviction by a civil court.

He allegedly carries a carbine rifle with him in his car.

He presently is involved in a conspiracy with other individuals to dynamite the Statue of Liberty, the Liberty Bell in Philadelphia and the Washington Monument.

Memoranda 1/29 and 31/65 advised you

It was pointed out that U.S. Attorney in Southern District of New York had authorized a warrant charging Collier and the other captioned subjects with violating Title 18, Section 371, for conspiracy to destroy Government property. The warrant and complaint are sealed and the warrant was to be utilized only if Collier and/or other subjects drove back into this country from Canada with the dynamite and small arms. At last report, Collier would not bring explosives back from Canada.

At 12:30 SAC Roney of New York Office telephonically advised that Assistant U.S. Attorney (AUSA) Southern District of New York, said that if Bureau Agents in any manner participate in a search of Collier or his car when he enters the U.S., in effect, this will constitute execution of the warrant of arrest since it would amount to a detention of Collier for the purpose of the search. He said that in view of last report Collier would not have explosives with him, it would probably be better to withdraw the warrant. SAC Roney said he pointed out to Kaufman that while the last report was to the effect Collier would not bring explosives into the country from Canada, his sole purpose in going to Canada was to locate such material and it is quite possible that regardless of the last report we would want to execute the warrant and arrest Collier if there are explosives in his possession on arrival. said in that event there would be no harm in leaving warrant outstanding but that it would be most desirable to see that Bureau Agents do not participate in any manner in the search of Collier and his car unless and until he is found to have explosives in his possession.

Memorandum for Mr. Sullivan
Re: ROBERT STEELE COLLIER, ET AL.

SAC Roney stated that in view of this, it was his recommendation that the warrant remain outstanding at least until Collier does enter U.S. and that he be authorized to instruct SAC Bailey of Albany Office, into whose territory Collier will enter country, to make certain that Agents remain in the background and merely observe the car as it comes into the country; the Agents will also be instructed that if Customs officials discover explosives in the car they should then summon our Agents in order that Collier can be arrested. SAC Roney further recommended that if there are no explosives with Collier at time of his entry, the warrant should then be withdrawn as recommended by the AUSA. At that time the entire matter will be taken up again both with the AUSA and with local police authorities, who first referred this case to us and whose informant

ACTION:

SAC Roney was authorized to proceed along lines as he outlined. Agents will not participate in any search of Collier but will arrange with Customs official to summon them if grounds exist for executing arrest warrant. Roney stated he would immediately inform SAC Bailey along these same lines.

We are continuing to follow this matter closely and you will be apprised of pertinent developments.

REVOLUTIONARY ACTION MOVEMENT (RAM)

On November 3, 1964, a source made available a document entitled "The Revolutionary Action Movement Manifesto," the document having been obtained by the source from an individual known to be a member of RAM.

This document stated, in part, that RAM was officially organized in the Winter of 1963, by Afro-Americans who support the revolutionary objectives of ROBERT F. WILLIAMS, now residing in Cuba, and his concept of organized violence to achieve the liberation of the Afro-American people in the United States. This Manifesto reflected that RAM had oriented its program to one of education and political revolution and the organization of a "black" political party with revolutionary objectives, having recognized the need for a "black revolution" that could and would seize power. RAM philosophy is described in this document as one of revolutionary nationalism, that is, one involving the struggles of the non-white races of the world against exploitation and enslavement by the white capitalist and imperialist nations.

Regarding WILLIAMS, above, it should be noted that on August 28, 1961, a Federal warrant was issued at Charlotte, North Carolina, charging him with Unlawful Flight to Avoid Prosecution for the Crime of Kidnapping. Subsequent to the issuance of this warrant, WILLIAMS fled the United States to Cuba, where he now publishes a monthly newsletter entitled "The Crusader," from Havana.

On November 16, 1964, a second source advised that he learned recently from a RAM member that the organization was begun in Detroit, Michigan, largely under the impetus of [redacted] described as the [redacted] of RAM and referred to as RAM's [redacted] now serves as RAM [redacted] serving RAM as [redacted]. This second source advised that there is no formal headquarters, as such, for RAM at present, but that headquarters are, in effect, with [redacted] since he plays a dominant role in the leadership and directs the policies and activities of the organization.

This second source, in September, 1964, advised that RAM is dedicated to the overthrow of the capitalist system in

the United States, by violence if necessary, and to its replacement by a socialistic system oriented toward the Chinese communist interpretation of Marxism-Leninism. RAM is entirely non-white in membership, clandestine in nature, and owes its primary allegiance to the "Bandung World," that is, the non-white races of the world, rather than to any national entity, as such.

To date, according to the second source, in November, 1964, RAM has organized units and membership in several of the larger cities in the United States east of the Mississippi River, and the organization is currently active, attempting to recruit new members and expand its sphere of influence.

STUDENT COMMITTEE
FOR TRAVEL TO CUBA

"The Columbia Owl," weekly student newspaper of Columbia University, New York City, December 12, 1962, issue, page one, contained an article entitled "Students to Visit Cuba During Holidays." This article stated in part that the Ad Hoc Student Committee for Travel to Cuba was formed October 14, 1962, by a group of students from New York City universities, the University of Wisconsin, Oberlin College and the University of North Carolina, who stated that as students they would like a chance to see and evaluate the situation in Cuba for themselves and had received an offer of transportation and two weeks stay in Cuba from the Federation of University Students in Havana, as guests of the Federation. The Committee accepted the offer and applied to the United States State Department for passport validation which was refused; however, over fifty students planned to defy the State Department ban and go to Cuba.

A source advised on December 6, 1962, that during December, 1962, it was learned that the Ad Hoc Student Committee for Travel to Cuba had recently been formed by the Progressive Labor Group.

A second source advised on September 13, 1963, that a group of 59 individuals who had assembled in New York City, departed New York City by air on June 25, 1963, and traveled to Paris, France; Prague, Czechoslovakia; and then to Havana, Cuba. The group remained in Cuba until August 24, 1963, at which time they departed by air for New York City via Madrid, Spain. The group arrived in New York City on August 29, 1963.

The same source advised that the leaders of the group were members of Progressive Labor and the trip was planned and organized by Progressive Labor members.

"The Columbia Owl," March 11, 1964, issue, page one, carried an article captioned, "Another Visit to Cuba Students Will Defy Student Travel Ban This Summer." This article sets forth in part that three members of the Student Committee for Travel to Cuba spoke at an assembly sponsored by the Progressive Labor Club of Columbia University. At this assembly [redacted] Student Committee for Travel to Cuba campus representative, stated that the Federation of University Students in Havana had extended another invitation for 500 students to visit Cuba in 1964. [redacted] [redacted] stated that the Student Committee for Travel to Cuba was, therefore, planning another trip to Cuba in July, 1964.

A third source advised on February 6, 1964, that he had received information that the name of the Ad Hoc Student Committee for Travel to Cuba was changed to the Permanent Student Committee for Travel to Cuba, in February, 1963. After the group arrived back in the United States from Cuba, in the latter part of August, 1963, the name of the organization was changed to the Student Committee for Travel to Cuba.

A fourth source advised on October 9, 1963, that the Student Committee for Travel to Cuba was utilizing Post Office Box 2178, New York 1, New York, as its mailing address.

A source advised on July 2, 1962, that Progressive Labor groups held a conference in New York City on July 1, 1962, where MILTON ROSEN acted as chairman. He read a statement at this conference setting forth their intention to form a new Marxist-Leninist party in the United States. ROSEN stated that a more formal organization was necessary, one which would provide a frame-work for all who wanted to join in a united effort to build an American vanguard. The forces of this new organization are to consolidate all existing forces around Progressive Labor and organize additional forces; expand and improve political activities; win additional forces to an outlook of Marxism-Leninism and increase the open advocacy of socialism; develop a significant Marxist-Leninist program for the new party; and organize a collective organization of leaders and members.

"The Worker," an East Coast Communist newspaper, issue of January 7, 1962, Page Ten, Column Three, reported the expulsion of MILTON ROSEN, former Labor Secretary of the New York State Communist Party, from the Communist Party, United States of America.

A second and third source advised in February, 1963, that this new Marxist-Leninist party had not yet been organized on a formal basis, but that Progressive Labor groups had been formed in several localities in line with the proposals of MILTON ROSEN. The sources advised as of February, 1963, that the leaders of this group were referring to it as the Progressive Labor Movement.

A fourth source advised on March 15, 1964, that the Progressive Labor Movement follows, supports, and is politically orientated toward the Communist Party line of Red China rather than that of the Soviet Union.

A fifth source advised on March 28, 1964, that at a Progressive Labor Movement meeting held in New York City on that date, it was announced that the Progressive Labor

APPENDIX

ORGANIZATION OF AFRO-AMERICAN UNITY (OAAU)

On June 28, 1964, MALCOLM X LITTLE, founder and leader of the Muslim Mosque, Incorporated (MMI), publicly announced the formation of a new, all Negro, militant civil rights action group to be known as the Organization of Afro-American Unity (OAAU), with himself as Chairman. This announcement was made at a public rally held by the MMI in the Audubon Ballroom, Broadway and 166th Street, New York City.

A printed and published statement of basic OAAU aims read by MALCOLM X at this meeting indicates that it shall include "all" people of African descent in the Western Hemisphere, as well as "our" brothers and sisters on the African continent. It is patterned after the "letter and spirit" of the Organization of African Unity established (by African heads of States) at Addis Ababa, Ethiopia, in May, 1963.

A recording of the remarks of MALCOLM X at this meeting indicates that the aim of the OAAU is to eliminate differences between Negroes so they can work together for "human rights," while the initial objective is to "internationalize" the American civil rights movement by taking it to the United Nations. LITTLE condemned the non-violent civil rights movement and claims that Negroes should be taught to protect themselves, when and if necessary. The OAAU will sponsor a program for Negroes of education, politics, culture, economics and social reform.

On August 19, 1964, a confidential source advised that the headquarters of the OAAU are located in MMI headquarters, Suite 128, Hotel Theresa, 2090 7th Avenue, New York City.

REVOLUTIONARY ACTION MOVEMENT (RAM)

On November 3, 1964, a source made available a document entitled "The Revolutionary Action Movement Manifesto," the document having been obtained by the source from an individual known to be a member of RAM.

This document stated, in part, that RAM was officially organized in the Winter of 1963, by Afro-Americans who support the revolutionary objectives of ROBERT F. WILLIAMS, now residing in Cuba, and his concept of organized violence to achieve the liberation of the Afro-American people in the United States. This Manifesto reflected that RAM had oriented its program to one of education and political revolution and the organization of a "black" political party with revolutionary objectives, having recognized the need for a "black revolution" that could and would seize power. RAM philosophy is described in this document as one of revolutionary nationalism, that is, one involving the struggles of the non-white races of the world against exploitation and enslavement by the white capitalist and imperialist nations.

Regarding WILLIAMS, above, it should be noted that on August 28, 1961, a Federal warrant was issued at Charlotte, North Carolina, charging him with Unlawful Flight to Avoid Prosecution for the Crime of Kidnapping. Subsequent to the issuance of this warrant, WILLIAMS fled the United States to Cuba, where he now publishes a monthly newsletter entitled "The Crusader," from Havana.

On November 16, 1964, a second source advised that he learned recently from a RAM member that the organization was begun in Detroit, Michigan, largely under the impetus of [redacted] described as the [redacted] of RAM and referred to as RAM's [redacted] now serves as RAM [redacted] serving RAM as [redacted]. This second source advised that there is no formal headquarters, as such, for RAM at present, but that headquarters are, in effect, with [redacted] since he plays a dominant role in the leadership and directs the policies and activities of the organization.

This second source, in September, 1964, advised that RAM is dedicated to the overthrow of the capitalist system in

the United States, by violence if necessary, and to its replacement by a socialistic system oriented toward the Chinese communist interpretation of Marxism-Leninism. RAM is entirely non-white in membership, clandestine in nature, and owes its primary allegiance to the "Bandung World," that is, the non-white races of the world, rather than to any national entity, as such.

To date, according to the second source, in November, 1964, RAM has organized units and membership in several of the larger cities in the United States east of the Mississippi River, and the organization is currently active, attempting to recruit new members and expand its sphere of influence.

Re New York airtel to Bureau entitled "ROBERT STEELE COLLIER, ET AL, DESTRUCTION OF GOVERNMENT PROPERTY - CONSPIRACY," dated February 18, 1965.

The following investigation was conducted by
SA [redacted]

On March 1, 1965, Lt. Colonel [redacted] United States Air Force (USAF), Assistant to the Chief, Nutrition Branch, U. S. Army Natick Laboratories, Natick, Massachusetts, was interviewed. He said that in the summer of 1954, while a Captain in the USAF, he was the [redacted] for Veterinary Specialist Course #54B at Gunter AFB, Montgomery, Alabama. COLLIER was a student in this group of forty men. These men were being trained to perform duties as food inspectors for the USAF.

[redacted] said that his attention was first drawn to COLLIER when he noted his military record described his race as American Indian, and from observation [redacted] was certain COLLIER was a Negro. From an academic standpoint COLLIER did not apply himself and when counselled he claimed that he had not volunteered for this school and was not interested in the course. [redacted] advised him that this assignment was his military duty and that unless he improved his academic work he would be eliminated from the course. He did not improve and, therefore, his case was presented to the Faculty Board in order that he would be eliminated from the course.

A characterization of the (Harlem) PLM is contained in the Appendix attached hereto.

Lieutenant Colonel [redacted] United States Air Force, United States Army Natick Laboratories, Natick, Massachusetts, advised SA [redacted] on March 1, 1965 of the following information: (u)

On March 1, 1965, Lieutenant Colonel [redacted] United States Air Force (USAF), Assistant to the Chief, Nutrition Branch, United States Army Natick Laboratories, Natick, Massachusetts, was interviewed. He said that in the summer of 1954, while a Captain in the USAF, he was the [redacted] for Veterinary Specialist Course Number 54 B at Gunter Air Force Base, Montgomery, Alabama. COLLIER was a student in this group of forty men. These men were being trained to perform duties as food inspectors for the USAF. (u)

[redacted] said that his attention was first drawn to COLLIER when he noted his military record described his race as American Indian, and from observation, [redacted] was certain COLLIER was a Negro. From an academic standpoint COLLIER did not apply himself and when counselled he claimed that he had not volunteered for this school and was not interested in the course. [redacted] advised him that this assignment was his military duty and that unless he improved his academic work he would be eliminated from the course. He did not improve and, therefore, his case was presented to the Faculty Board in order that he would be eliminated from the course. (u)

[redacted] said that when he told COLLIER his case was going to go to the Faculty Board, COLLIER claimed [redacted] was discriminating against him because he was a Negro. [redacted] said it was this incident that came to mind when he saw newspaper accounts concerning COLLIER's arrest. He recalled that his feeling at that time in Montgomery, Alabama was that COLLIER was willing to deny his heritage until such time as he felt it would be advantageous to himself to admit he was a Negro. (u)

NY 105-71003

[] said the Faculty Board decided to retain him in the school rather than risk criticism for discrimination at a time when racial tensions in Montgomery, Alabama were high. [] noted that at this time MARTIN LUTHER KING was becoming active in racial matters in the Montgomery, Alabama area. (U)

b6
b7c

[] related that when COLLIER was graduated he was assigned duty with the USAF at Niagara Falls County Airport in New York. The next time [] saw COLLIER was in London in July, 1956. COLLIER was not under his command but he had a chance meeting with him where he learned that COLLIER had served only a few months at Niagara Falls in New York when he was sent overseas to France. He served a short time in France and then was transferred to England. (U)

b6
b7c

[] said that he learned through hearsay from men acquainted with COLLIER and who had served with COLLIER, that COLLIER had been sent overseas from Niagara Falls to avoid difficulties with civil authorities due to his personal behavior. [] had no details as to what the mis-conduct was at that time. [] advised that COLLIER's assignment in France lasted only a few months when he triggered a minor international incident by his relations with a white French girl. (U)

b6
b7c

[] was told that COLLIER was transferred to London, England to escape prosecution in France. In London, England he was involved in the stabbing incident which is mentioned in his official military records as a result of having impregnated a white English girl. (U)

b6
b7c

Colonel [] said that he learned from military personnel directly involved in the action that an armed military escort was assigned to COLLIER when he left London, England for the United States to make certain that he was aboard the aircraft which was flying him from England to the United States. (U)

b6
b7c

[] has had no contact of any kind with COLLIER since 1956, and said that he knows of no close military associate of COLLIER, including the time COLLIER took courses under him. (U)

PROSECUTIVE ACTION, NEW YORK, NEW YORK

COLLIER was arrested by the New York City Police Department on February 16, 1965 in the vicinity of 609 West 239th Street, Bronx, New York, after he had placed a cardboard carton containing dynamite on the front seat of a 1965 Chevrolet with New York license 9X6360. COLLIER was charged with violation of Section 1897, Subdivision 7 of the Penal Law, in that he did have in his possession a quantity of explosives and did intend to use the same in an unlawful manner. (4)

On February 16, 1965, ROBERT STEELE COLLIER was arraigned before Judge T. VINCENT QUINN at the Bronx County Criminal Court Building, 162nd Street and Washington Avenue, Bronx, New York, on a charge of violation of Section 1897, Subdivision 7 of the Penal Law, in that he did have in his possession a quantity of explosives and did intend to use the same in an unlawful manner. (4)

COLLIER, who was not represented by an attorney, was held over for a hearing on February 23, 1965, and was held in bail of \$100,000. COLLIER was remanded to the custody of the New York City Department of Correction in lieu of bond. (4)

On February 23, 1965, a preliminary hearing was held in Bronx County Criminal Court, 162nd Street and Washington Avenue, Bronx, New York, before Judge NEAL BOTTIGLIERI for ROBERT STEELE COLLIER. The hearing was adjourned until March 3, 1965, and COLLIER was continued in \$100,000 bail. COLLIER was represented by attorney JEAN ANN CONDON, a legal assistant to attorney CONRAD LYNN. (4)

On March 1, 1965, ROBERT STEELE COLLIER was indicted by the Bronx County Grand Jury for possessing dynamite with intent to use it illegally. (4)

COLLIER on March 15, 1965, pled not guilty and the case was adjourned to March 26, 1965. COLLIER was represented by MARK LANE. (4)

NY 105-71003

On November 10, 1964, by means of a suitable pretext by an SA of the FBI, it was determined that MARK LANE will travel from New York to Montreal, Canada, where he will appear as a speaker on November 12, 1964, at McGill University. It was learned LANE is scheduled to speak on the "strange" circumstances surrounding the assassination of President JOHN F. KENNEDY on November 22, 1963, at Dallas, Texas, and further will discuss his evaluation of the findings contained in the Warren report, particularly where the report tends to prove that LEE HARVEY OSWALD was the lone assassin of President KENNEDY. (u) It was learned that as of November 10, 1964, LANE's appearance at McGill University is his only scheduled speaking engagement in Canada although his plans could change depending on any invitations to speak which might be made to him while in Canada.

The "New York Herald Tribune" newspaper dated January 15, 1964, page 7, column 1, contained an article entitled "Oswald's Mother Hires Lane". This article stated that on January 14, 1964, Mrs. MARGUERITE OSWALD, mother of accused assassin LEE HARVEY OSWALD, announced she had hired MARK LANE to represent her slain son before the Warren Commission investigating the murder of President JOHN F. KENNEDY. According to this article, Mrs. OSWALD stated she had been in contact with LANE during his stay in Fort Worth, Texas, the previous weekend. It was also pointed out that LANE had accepted the case although Mrs. OSWALD stated she had no funds with which to pay him. (u)

The "New York Times" newspaper dated April 2, 1964, page 37, contained an article stating that Mrs. MARGUERITE C. OSWALD had dismissed MARK LANE, her New York lawyer. (u)

On June 10, 1963, NY T-4, advised that at a meeting of the New York Council to Abolish the House Un-American Activities Committee (NYCAHUAC) held May 28, 1963, at 74 Fifth Avenue, New York City, MARK LANE was elected to the position of Vice Chairman of the organization. (u)

NY 105-71003

Characterizations of the NYCAHUAC and the National Committee to Abolish the House Un-American Activities Committee (NCAHUAC) appear in the Appendix hereto.

In recent months MARK LANE has been appearing in public presenting his "evidence" demonstrating that LEE HARVEY OSWALD was either innocent of the assassination of President JOHN F. KENNEDY or was not the lone assassin. LANE has appeared at a series of public lectures entitled "Who Killed Kennedy?" and has also appeared on radio and television expounding his defense of OSWALD.

NATIONAL COMMITTEE TO ABOLISH
THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE

The "Guide to Subversive Organizations and Publications" issued December 1, 1961, by the Committee on Un-American Activities, U. S. House of Representatives, page 115, contains the following citation regarding the National Committee to Abolish the Un-American Activities Committee (NCAUAC).

"Cited as a 'new organization' set up in the summer of 1960 to lead and direct the Communist Party's 'Operation Abolition' campaign. Seven of the national leaders of this group have been identified as Communists.

(Committee on Un-American Activities, House Report 1278 on the Truth About the Film 'Operation Abolition,' Part 1, October 3, 1961, p. 5.)"

A source has advised that the NCAUAC changed its name on March 3, 1962, to include the word "House" in its name, thereby becoming known as the National Committee to Abolish the House Un-American Activities Committee.

NEW YORK COUNCIL TO ABOLISH THE HOUSE

On March 9, 1961, a source advised that the New York Council To Abolish the Un-American Activities Committee (NYCAUAC), 150 West 34th Street, New York City, New York, was formed at a meeting held in New York City on November 17, 1960. This organization was founded principally through the efforts of [redacted] of the National Committee to Abolish the Un-American Activities Committee (NCAUAC).

A second source furnished on September 14, 1961, a copy of resolutions of the New York Council to Abolish the House Un-American Activities Committee (NYCAHUAC) which were adopted by the NYCAHUAC. One such resolution affirmed the intention to continue to work for the abolition of the House Committee on Un-American Activities (HCUA) and to continue its efforts to broaden the participation in this fight. Another resolution accepted as a modus vivendi the suggestion of the Field Representative of the "National Committee to Abolish the HCUA" (NCAHUAC) namely that local abolition committees may identify and co-ordinate their efforts as closely as they desire with NCAHUAC, still maintaining their autonomy for as flexible and independent a program as possible.

A third, fourth, and fifth source have advised during March, 1962, that CP members in the New York City area have been solicited to support activities of the NYCAHUAC during attendance at CP club meetings.

On May 7, 1964, a sixth source advised that the NYCAHUAC continues to function from its office at 150 West 34th Street, New York City, New York.

PROGRESSIVE LABOR PARTY,
PROGRESSIVE LABOR MOVEMENT,
"PROGRESSIVE LABOR"

A source advised on July 2, 1962, that Progressive Labor groups held a conference in New York City on July 1, 1962, where MILTON ROSEN acted as chairman. He read a statement at this conference setting forth their intention to form a new Marxist-Leninist party in the United States. ROSEN stated that a more formal organization was necessary, one which would provide a frame-work for all who wanted to join in a united effort to build an American vanguard. The forces of this new organization are to consolidate all existing forces around Progressive Labor and organize additional forces; expand and improve political activities; win additional forces to an outlook of Marxism-Leninism and increase the open advocacy of socialism; develop a significant Marxist-Leninist program for the new party; and organize a collective organization of leaders and members.

"The Worker," an East Coast Communist newspaper, issue of January 7, 1962, Page Ten, Column Three, reported the expulsion of MILTON ROSEN, former Labor Secretary of the New York State Communist Party, from the Communist Party, United States of America.

A second and third source advised in February, 1963, that this new Marxist-Leninist party had not yet been organized on a formal basis, but that Progressive Labor groups had been formed in several localities in line with the proposals of MILTON ROSEN. The sources advised as of February, 1963, that the leaders of this group were referring to it as the Progressive Labor Movement.

A fourth source advised on March 15, 1964, that the Progressive Labor Movement follows, supports, and is politically orientated toward the Communist Party line of Red China rather than that of the Soviet Union.

A fifth source advised on March 28, 1964, that at a Progressive Labor Movement meeting held in New York City on that date, it was announced that the Progressive Labor

Movement would try to hold a national convention in New York City in September, 1964, to organize the Progressive Labor Movement on a more formal basis into a Progressive Labor Party.

The fifth source also advised that the Progressive Labor Movement publishes a monthly magazine called, "Progressive Labor" and also a quarterly theoretical publication called the "Marxist-Leninist Quarterly." The source also advised that starting June 1, 1964, the Progressive Labor Movement would start publishing a weekly newspaper in New York City.

The March, 1964, issue of "Progressive Labor" sets forth that it is published monthly by the Progressive Labor Company, General Post Office Box 808, Brooklyn 1, New York.

REVOLUTIONARY ACTION MOVEMENT (RAM)

On November 3, 1964, a source made available a document entitled "The Revolutionary Action Movement Manifesto," the document having been obtained by the source from an individual known to be a member of RAM.

This document stated, in part, that RAM was officially organized in the Winter of 1963, by Afro-Americans who support the revolutionary objectives of ROBERT F. WILLIAMS, now residing in Cuba, and his concept of organized violence to achieve the liberation of the Afro-American people in the United States. This Manifesto reflected that RAM had oriented its program to one of education and political revolution and the organization of a "black" political party with revolutionary objectives, having recognized the need for a "black revolution" that could and would seize power. RAM philosophy is described in this document as one of revolutionary nationalism, that is, one involving the struggles of the non-white races of the world against exploitation and enslavement by the white capitalist and imperialist nations.

Regarding WILLIAMS, above, it should be noted that on August 28, 1961, a Federal warrant was issued at Charlotte, North Carolina, charging him with Unlawful Flight to Avoid Prosecution for the Crime of Kidnapping. Subsequent to the issuance of this warrant, WILLIAMS fled the United States to Cuba, where he now publishes a monthly newsletter entitled "The Crusader," from Havana.

On November 16, 1964, a second source advised that he learned recently from a RAM member that the organization was begun in Detroit, Michigan, largely under the impetus of [redacted] described as the [redacted] of RAM and referred to as RAM's [redacted] now serves as RAM [redacted]

[redacted] serving RAM as [redacted]. This second source advised that there is no formal headquarters, as such, for RAM at present, but that headquarters are, in effect, with [redacted] since he plays a dominant role in the leadership and directs the policies and activities of the organization.

This second source, in September, 1964, advised that RAM is dedicated to the overthrow of the capitalist system in

the United States, by violence if necessary, and to its replacement by a socialistic system oriented toward the Chinese communist interpretation of Marxism-Leninism. RAM is entirely non-white in membership, clandestine in nature, and owes its primary allegiance to the "Bandung World," that is, the non-white races of the world, rather than to any national entity, as such.

To date, according to the second source, in November, 1964, RAM has organized units and membership in several of the larger cities in the United States east of the Mississippi River, and the organization is currently active, attempting to recruit new members and expand its sphere of influence.

STUDENT COMMITTEE
FOR TRAVEL TO CUBA

"The Columbia Owl," weekly student newspaper of Columbia University, New York City, December 12, 1962, issue, page one, contained an article entitled "Students to Visit Cuba During Holidays." This article stated in part that the Ad Hoc Student Committee for Travel to Cuba was formed October 14, 1962, by a group of students from New York City universities, the University of Wisconsin, Oberlin College and the University of North Carolina, who stated that as students they would like a chance to see and evaluate the situation in Cuba for themselves and had received an offer of transportation and two weeks stay in Cuba from the Federation of University Students in Havana, as guests of the Federation. The Committee accepted the offer and applied to the United States State Department for passport validation which was refused; however, over fifty students planned to defy the State Department ban and go to Cuba.

A source advised on December 6, 1962, that during December, 1962, it was learned that the Ad Hoc Student Committee for Travel to Cuba had recently been formed by the Progressive Labor Group.

A second source advised on September 13, 1963, that a group of 59 individuals who had assembled in New York City, departed New York City by air on June 25, 1963, and traveled to Paris, France; Prague, Czechoslovakia; and then to Havana, Cuba. The group remained in Cuba until August 24, 1963, at which time they departed by air for New York City via Madrid, Spain. The group arrived in New York City on August 29, 1963.

The same source advised that the leaders of the group were members of Progressive Labor and the trip was planned and organized by Progressive Labor members.

STUDENT COMMITTEE
FOR TRAVEL TO CUBA

"The Columbia Owl," March 11, 1964, issue, page one, carried an article captioned, "Another Visit to Cuba Students Will Defy Student Travel Ban This Summer." This article sets forth in part that three members of the Student Committee for Travel to Cuba spoke at an assembly sponsored by the Progressive Labor Club of Columbia University. At this assembly [redacted] Student Committee for Travel to Cuba campus representative, stated that the Federation of University Students in Havana had extended another invitation for 500 students to visit Cuba in 1964. [redacted] [redacted] stated that the Student Committee for Travel to Cuba was, therefore, planning another trip to Cuba in July, 1964.

A third source advised on February 6, 1964, that he had received information that the name of the Ad Hoc Student Committee for Travel to Cuba was changed to the Permanent Student Committee for Travel to Cuba, in February, 1963. After the group arrived back in the United States from Cuba, in the latter part of August, 1963, the name of the organization was changed to the Student Committee for Travel to Cuba.

A fourth source advised on October 9, 1963, that the Student Committee for Travel to Cuba was utilizing Post Office Box 2178, New York 1, New York, as its mailing address.

On May 17, 1965, the trial of ROBERT STEELE COLLIER

[REDACTED] and [REDACTED] was commenced in United States District Court, Southern District of New York, before United States District Court Judge WILLIAM B. HERLANDS, Southern District of New York. The Government was represented by Assistant United States Attorneys [REDACTED] and [REDACTED]. The defendant COLLIER was represented by attorneys MARK LANE and LEONARD WINSTON HOLT, Jr.; the defendant [REDACTED] was represented by attorney [REDACTED] and the defendant [REDACTED] was represented by attorney [REDACTED]. The Government did not [REDACTED].

NY 105-71003

The trial continued until June 14, 1965, when it culminated in a Jury verdict of "Guilty" against all defendants on trial, namely COLLIER, [redacted] on both counts of the indictment (Count one: conspiracy to destroy Government property, Title 18, Sections 371 and 1361, United States Code; conspiracy to smuggle dynamite, Title 18, Sections 371 and 545, United States Code, and, count two: the substantive crime of smuggling dynamite, Title 18, Section 545, United States Code). During the trial, [redacted] appeared as a Government witness and testified on behalf of the Government against [redacted] the defendants on trial.

b6
b7c

On June 14, 1965, after the recording of the Jury verdict and dismissal of the jurors, the attorneys for the three convicted defendants all made motions for directed verdicts and for a new trial. Judge HERLANDS denied the motions for a directed verdict and requested that the motions for a new trial be submitted in writing, returnable on June 15, 1965, with answer by the Government returnable June 16, 1965. The attorneys for the three convicted defendants then made motion for a reduction of bail pending possible appeal, whereupon Judge HERLANDS denied these motions and remanded COLLIER, [redacted] to the custody of the United States Marshal without bail, stating he will sentence the defendants on June 17, 1965.

b6
b7c

On June 16, 1965, attorney [redacted] representing defendant [redacted] and acting on behalf of attorney [redacted] who represents defendant [redacted] submitted, after brief oral argument, motion papers on behalf of these two defendants moving for a new trial, based upon the weight of the evidence and the suppression of evidence. Attorneys MARK LAKE and LEONARD W. HOLT, Jr., did not appear or make motions on behalf of their defendant, ROBERT COLLIER.

b6
b7c

NY 105-71003

Judge HERLANDS on June 17, 1965, announced that all motions made in the case for a new trial and the renewed motions for suppression of the evidence were denied. Later on June 17, 1965, Judge HERLANDS then sentenced defendants COLLIER, [redacted] under Section 4208 (B), Title 18, United States Code, committing them to the custody of the Attorney General, which commitment is to be deemed to be for the maximum sentence of imprisonment prescribed by law, five years on count one of the indictment, plus five years on count two of the indictment, to run consecutively for a total sentence of ten years for each defendant. Judge HERLANDS stated that this commitment will include a 90-day study together with recommendations by the Director of the Bureau of Prisons and after the conclusion of this period a report will be submitted to the court and the court will, under this section, reimpose the maximum sentences now imposed or reduce the sentences or place them on probation. Judge HERLANDS indicated that the sentences of the defendants are to start as of June 17, 1965.

b6
b7c

On June 17, 1965, after the sentencing of defendants, attorneys MARK LANE and LEONARD WINSTON HOLT, Jr., on behalf of defendant ROBERT STEELE COLLIER, filed a notice of appeal. A notice of appeal was also filed on behalf of defendant

[redacted] by his attorney [redacted]. Attorney [redacted] has ten days from June 17, 1965, to file a notice of appeal upon behalf of defendant [redacted] if he so desires. After filing the notice of appeal, attorney MARK LANE requested the court for permission to withdraw from the case, stating he had some European commitments and will be travelling in Europe during the next several months. Attorney LANE stated that his client, ROBERT STEELE COLLIER, was agreeable to his withdrawal and has consented to continue his appeal through attorney LEONARD W. HOLT, Jr., who will represent COLLIER in all future proceedings. Assistant United States Attorney [redacted] offered no objection and Judge HERLANDS granted attorney LANE's request to withdraw from the case.

Two French Canadians — Pierre Vallieres and Charles Gagnon — identified by Montreal authorities as part of the 1965 plot to blow up the Statue of Liberty were arrested in New York in connection with the bombing deaths of two persons in Montreal by the Quebec Liberation Front.

The Reds

Fidel Castro, in a Havana speech marking the sixth anniversary of the "big brother" spy organization — the national spy-on-your-neighbor network — pledged that no one in Cuba will have to pay rent by 1970.

The Klan—Young in Heart?

LOS ANGELES Superior Judge Ralph H. Nutter refused to restrain reactivation of the Ku Klux Klan in California because "... if people want to put a sheet over their heads and act like little children, they have that (constitutional) right."

Kenneth Ray Sewell, 18, was convicted in Windsor, N.C., of absconding with his 84-year-old grandfather's life savings. Kenneth was caught in California with the \$10,000 belonging to Elijah A. Sewell.

APPENDIX~~CONFIDENTIAL~~1.WORKERS WORLD PARTY

On April 17, 1959, a confidential source advised that on February 12, 1959, a Socialist Workers Party (SWP) minority group under the leadership of National Committee member [] split from the SWP.

b6
b7c

The source stated that this minority group, referred to as the Marcyites, after many years of program and policy differences on varied issues concerning tactics and interpretation of political events, split from the SWP on the grounds that the Party was liquidating itself by departing from the Marxist precepts of LEON TROTSKY and retreating from the fight for the world socialist revolution. The final issue which ultimately forced the split was the minority's opposition to the SWP regroupment policy which involved cooperation with the Communist Party (CP) periphery-individuals characterized by the minority as petty-bourgeois.

The minority program, according to the source, advocated unconditional defense of the Soviet Union and has as its goal the building of a revolutionary party with a complete proletarian orientation for the purpose of overthrowing capitalism in the United States and throughout the world.

On May 12, 1960, source advised that this minority group had chosen the name Workers World Party.

On May 1, 1967, a second confidential source advised that the Workers World Party, which maintains headquarters at 46 West 21st Street, New York, New York, supports the People's Republic of China in its ideological dispute with the Soviet Union.

The SWP and CP have been designated pursuant to Executive Order 10450.

PROGRESSIVE LABOR PARTY

A source advised on April 20, 1965, that the Progressive Labor Party (PLP), formerly known as the Progressive Labor Movement (PLM), held its first national convention April 15, - 18, 1965, at New York, New York, to organize the PLM into a PLP. The PLP will have as its ultimate objective the establishment of a militant working class movement based on Marxism-Leninism.

The "New York Times" City Edition, Tuesday, April 20, 1965, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the PLP. The PLP was described as an outgrowth of the PLM. Its officers were identified as MILTON ROSEN, New York, President, and WILLIAM EPTON of New York, and MORT SCHEER of San Francisco, Vice Presidents. A 20-member National Committee was elected to direct the party until the next convention.

According to the article, "The Progressive Labor Movement was founded in 1962 by Mr. ROSEN and Mr. SCHEER after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line".

The PLP publishes "Progressive Labor," a bi-monthly magazine, "Challenge", a monthly New York City newspaper, and "Spark", a West Coast newspaper.

The April, 1967, issue of "Challenge", page 14, states that, "This paper is dedicated to fight for a new way of life-where the working men and women own and control their homes, factories, the police, courts, and the entire government on every level".

A second source advised on September 26, 1966, that the PLP utilizes the address of General Post Office Box 808, Brooklyn 1, New York, but also utilizes an office in Room 617, 1 Union Square, West, New York City, where PLP publications are prepared.

RE: NATIONAL BLACK ANTI-WAR ANTI-DRAFT UNION
157-8860

During these interviews attempt to elicit specifics regarding contemplated violence discussed at recent conference of captioned organization including that discussed at the special meeting as alleged by WFO source. In this connection it should be noted that to date we have received no data to corroborate information furnished by WFO source regarding the special meeting reportedly held at the recent conference of captioned organization. As regards reported violence discussed at the special meeting, several sources have furnished data regarding general statements made at the conference itself regarding violent acts. A Buffalo source stated that he heard an unidentified Negro male talking in casual conversation in which he spoke of bombing the New York Stock Exchange and the Empire State Building. The Buffalo source also stated he heard a general comment that something would have to be done to oppose George Wallace if he became a front runner in the present election campaign. A Baltimore source stated that at the opening session of the conference Stokely Carmichael gave examples of what revolutionaries must do and Carmichael cited what students did at the University of California; namely, tampering with power plants and telephone systems. This information is being pointed out to New York since it is most important that we ascertain whether acts of violence have been set in motion as a result of the special meeting referred to by the WFO source or whether, in fact, acts of violence were discussed in general at the over-all conference without any specific plans being set up to carry out this violence.

New York should suairtel with a summary of data developed during the interviews and should, thereafter, submit an LHM.

ReNYtel 4/15/68 and reNYLHM 4/17/68 mentioned certain individuals residing in the territories of the Boston, Detroit, Omaha, and Philadelphia Offices. These

Airtel to SAC, Boston

offices should all suairtel under an individual case caption with results of inquiries conducted to date to identify those involved. These offices are authorized to conduct interviews unless information has been developed which would preclude this action.

NOTE:

Captioned organization held conference in New York City 4/12-14/68 which was attended by militant leaders of Student Nonviolent Coordinating Committee including Stokely Carmichael. According to a WFO source, a special meeting was held during the conference and items discussed included preparation of smoke bombs, throwing dynamite on the floor of the New York Stock Exchange, placing dynamite in the Empire State Building, and destroying electrical circuits in New York City. Local authorities have been alerted to this data and appropriate dissemination has been made to interested United States Government agencies.

Interviews being authorized are those of individuals who were at the conference including some who were allegedly at the special meeting at which the violence was discussed and others reported to be leaders of cadres to be formed in their respective cities. [] and Collier, whom we are authorizing New York to interview, are included in the Security Index. [] is employed at a [] [] and Collier at a community center. [] has been active in Socialist Workers Party activities and Collier is on probation after a Federal sentence for being involved in a conspiracy to blow up the Statue of Liberty and other national monuments. His parole officer has advised New York he has no objection to our interviewing Collier. In order to ascertain full facts in this matter and to deter possible violence, it is believed all of the above interviews should be conducted.

a report received August 17, 1964, by telephone from local Canadian immigration authorities, most of these persons were quite young. Their behavior at La Guardia Airport during a stopover during the early hours of August 13 (from 4:48 a.m. to 7:28 a.m.) was said to be deplorable. Members of the group yelled anti-Western slogans and sang pro-Castro songs. They were so offensive that the Canadian officials ordered them back on the plane. Some of the group attempted to leave the terminal but were prevented by the Canadian Police. It is reported that these persons had visited Havana, having flown from Cuba from Prague and were returning to Prague in order to effect their eventual return to the United States.

"I further state that at that time I presented to Robert S. Collier a letter from the United States Department of State which had accepted advising him that his passport had been tentatively withdrawn and advising him of his rights of appeal. In addition, I advised him verbally that his United States passport had been tentatively withdrawn by the Department of State.

"I asked Robert S. Collier what countries he had visited during his absence from the United States on this trip and he stated he had visited the following countries:

"Czechoslovakia, France, Canada, and Cuba"

There was nothing in subject's passport file to indicate that he had returned his passport to the State Department.

II. TRAVEL TO CUBA UNDER THE SPONSORSHIP OF THE SCTC

The SCTC was sponsoring a trip to Cuba during the summer of 1964 in order to test the U. S. Government's ban of travel to Cuba. Persons making the trip were to pay \$10 with their application form, and \$100 for travel within the United States. Cost of travel outside the United States and other expenses were to be paid by the Cuban Federation of University Students.

BS T-1, 5/15/64.

On June 30, 1964, a press conference was held at the John F. Kennedy International Airport (KIA), New York, New York, under the auspices of the SCTC. It was announced at this conference that five individuals were going to depart New York City that date for London, England, en route to Havana, Cuba, to join other students presently in Cuba.

ROBERT COLLIER was announced as one of these individuals.

BS T-2, 6/30/64.

A review of microfilm of Immigration and Naturalization Service (INS) conducted July 22, 1964, at New York, New York, by SA A. LEWIS BARNETT reflected that the following persons, among others, departed KIA aboard Pan American Flight No. 102 on June 30, 1964, bound for London, England:

COLLIER, ROBERT S.
Passport No. E439459
124 Dartmouth Street
Boston 15, Massachusetts

BS 105-11873

On August 12, 1964, [redacted] a coordinator of the SCTC, stated that the 84 students who had gone to Cuba would be returning on Friday evening, August 14, 1964, at KIA. (u)

BS T-3, 8/12/64.

At 8:30 p.m. on August 14, 1964, SA [redacted] observed Air France Flight No. 017 from Paris, France, land at Gate No. 30, KIA, and a group of approximately 60 persons disembarked following an unknown female who was holding aloft a likeness of FIDEL CASTRO. (u)

b6
b7C

During a press conference held by the SCTC at KIA following the arrival of the above group on August 14, 1964, SA [redacted] obtained a copy of a press release given out by the SCTC which included among other typewritten names at the end the name ROBERT COLLIER. (u)

b6
b7C

The text of the press release follows:

"Statement

"Last year the House Un-American Activities Committee (HUAC) subpoenaed certain members of the group which visited Cuba. With one exception, all those subpoenaed were members of the Progressive Labor Movement. We fully expect a similar performance on the part of the government this year. We realize that the government has, and will continue to use the old red-baiting and name-calling tactics to split the group and attack us individually. We have no intention of allowing this to happen. (u)

"We the undersigned, for all our political differences, are united on the following issues: (u)

"1. That the U. S. government has no right to prohibit or interfere in any way with the travel of U.S. citizens to Cuba. (u)

"2. That the efforts of the U. S. government to destroy the Cuban revolution must cease.

"We fully realize that the government and the press will attempt to present our trip to the American people as "communist dominated." They will say that those of us who are not communists are "dupes." We hereby state that we who are not communists are not afraid to stand with communists in proclaiming what we believe, and we intend to do so in a united fashion. (u)

"We challenge the government to hear all of us. We demand that if any of our number are subpoenaed by any government agency, that we all be subpoenaed. We do not intend to allow the government to say that the only people who oppose their policy on Cuba are communists. The opposition to the U. S. government's policy on Cuba is widespread, because such a policy is wrong. That is why the government is afraid to tell the truth to the northern people, and that is why it is afraid of those who have visited the island to determine the truth for ourselves." (u)

On August 14, 1964, records of INS at KIA were reviewed by SA's JOHN W. ROBINSON and [redacted]. These records included an INS Form I-94 which has been completed by the subject. The form reflected that he re-entered the United States aboard Air France Flight No. 017; furnished his U. S. Passport number as E439459, and that he had visited Cuba during his absence from the United States. (u)

The file maintained for ROBERT STEELE COLLIER at the Passport Office, United States Department of State, was reviewed on November 10, 1964, by IC [redacted] and included in the file was the following information: (u)

The Department of State, under date July 28, 1964, addressed a letter to ROBERT STEELE COLLIER, in care of Immigration and Naturalization Service, Port of Entry, United States of America, advising subject that his Passport E-439459, issued on June 15, 1964, was by direction of the Secretary of State, tentatively withdrawn. This action was based upon information that COLLIER recently had traveled to Cuba in violation of the restrictions contained in Public Notice 179, published in the January 19, 1961 Federal Register, Volume 26, Number 12. (u)

The letter stated that subject could either turn the passport over to the INS officer handing him the letter or mail it to the Passport Office. In event he wished to secure a review of this action, he could act in accordance with the Passport regulations of Department of State (Title 22, Code of Federal Regulations, Section 51.136-51.170.) (u)

Subject's passport file also reflected that on August 21, 1964, the United States Consul General at Halifax, Nova Scotia, furnished the following information: (u)

The Cubana de Aviacion manifest for Flight 476A enroute on August 12-13, 1964, from Havana, Cuba to Prague, Czechoslovakia, included ROBERT COLLIER, Passport Number E-439459, as a passenger on this flight. (u)

[redacted] Assistant Chief of Records, Administration and Information Branch, Central Office, INS, on October 28, 1964, made available an affidavit executed in Queens County, State of New York, on September 2, 1964, by an Immigrant Inspector, INS, John F. Kennedy International Airport. The following remarks are included in the affidavit: (u)

b6 per ICE
b7C

"I, [redacted] a United States Immigrant Inspector, United States Immigration and Naturalization Service, stationed at John F. Kennedy International Airport, Jamaica, Queens, New York do hereby state that on August 14, 1964, in the discharge of my official duties, I inspected Robert S. Collier, a Citizen of the United States holding United States Passport No. E 439459, who arrived at said airport on Air France flight #017, on that date, (u)

"I further state that at that time I presented to Robert S. Collier a letter from the United States Department of State which he accepted advising him that his passport had been tentatively withdrawn and advising him of his rights of appeal. In addition, I advised him verbally that his United States passport had been tentatively withdrawn by the Department of State. (u)

BS 105-11873

"I asked Robert S. Collier what countries he had visited during his absence from the United States on this trip and he stated he had visited the following countries: (u)

"Czechoslovakia, France, Canada, and Cuba'

"There was nothing in subject's passport file to indicate that he had returned his passport to the State Department." (u)

APPENDIXPROGRESSIVE LABOR PARTY,
PROGRESSIVE LABOR MOVEMENT,
"PROGRESSIVE LABOR"

A source advised on July 2, 1962, that Progressive Labor groups held a conference in New York City on July 1, 1962; where MILTON ROSEN acted as chairman. He read a statement at this conference setting forth their intention to form a new Marxist-Leninist party in the United States. ROSEN stated that a more formal organization was necessary, one which would provide a framework for all who wanted to join in a united effort to build an American vanguard. The forces of this new organization are to consolidate all existing forces around Progressive Labor and organize additional forces; expand and improve political activities; win additional forces to an outlook of Marxism-Leninism and increase the open advocacy of socialism; develop a significant Marxist-Leninist program for the new party; and organize a collective organization of leaders and members.

"The Worker," an east coast communist newspaper, issue of January 7, 1962, Page Ten, Column Three, reported the expulsion of MILTON ROSEN, former Labor Secretary of the New York State Communist Party, from the Communist Party, United States of America.

A second and third source advised in February, 1963, that this new Marxist-Leninist party had not yet been organized on a formal basis, but that Progressive Labor groups had been formed in several localities in line with the proposals of MILTON ROSEN. The sources advised as of February, 1963, that the leaders of this group were referring to it as the Progressive Labor Movement.

A fourth source advised on March 15, 1964, that the Progressive Labor Movement follows, supports, and is politically orientated toward the Communist Party line of Red China rather than that of the Soviet Union.

A fifth source advised on March 28, 1964, that at a Progressive Labor Movement meeting held in New York City on that date, it was announced that the Progressive Labor

Movement would try to hold a national convention in New York City in September, 1964, to organize the Progressive Labor Movement on a more formal basis into a Progressive Labor Party.

The fifth source also advised that the Progressive Labor Movement publishes a monthly magazine called, "Progressive Labor" and also a quarterly theoretical publication called the "Marxist-Leninist Quarterly." The source also advised that starting June 1, 1964, the Progressive Labor Movement would start publishing a weekly newspaper in New York City.

The March, 1964, issue of "Progressive Labor" sets forth that it is published monthly by the Progressive Labor Company, General Post Office Box 808, Brooklyn 1, New York.

APPENDIXSTUDENT COMMITTEE
FOR TRAVEL TO CUBA

"The Columbia Owl," weekly student newspaper of Columbia University, New York City, December 12, 1962, issue, page one, contained an article entitled "Students to Visit Cuba During Holidays." This article stated in part that the Ad Hoc Student Committee for Travel to Cuba was formed October 14, 1962, by a group of students from New York City universities, the University of Wisconsin, Oberlin College and the University of North Carolina, who stated that as students they would like a chance to see and evaluate the situation in Cuba for themselves and had received an offer of transportation and two weeks stay in Cuba from the Federation of University Students in Havana, as guests of the Federation. The Committee accepted the offer and applied to the United States State Department for passport validation which was refused; however, over fifty students planned to defy the State Department ban and go to Cuba.

A source advised on December 6, 1962, that during December, 1962, it was learned that the Ad Hoc Student Committee for Travel to Cuba had recently been formed by the Progressive Labor Group.

A second source advised on September 13, 1963, that a group of 59 individuals who had assembled in New York City, departed New York City by air on June 25, 1963, and traveled to Paris, France; Prague, Czechoslovakia; and then to Havana, Cuba. The group remained in Cuba until August 24, 1963, at which time they departed by air for New York City via Madrid, Spain. The group arrived in New York City on August 29, 1963.

APPENDIX

STUDENT COMMITTEE
FOR TRAVEL TO CUBA (Cont.)

The same source advised that the leaders of the group were members of Progressive Labor and the trip was planned and organized by Progressive Labor members.

"The Columbia Owl," March 11, 1964 issue, page one, carried an article captioned, "Another Visit to Cuba Students Will Defy Student Travel Ban This Summer." This article sets forth in part that three members of the Student Committee for Travel to Cuba spoke at an assembly sponsored by the Progressive Labor Club of Columbia University. At this assembly [redacted] Student Committee for Travel to Cuba campus representative, stated that the Federation of University Students in Havana had extended another invitation for 500 students to visit Cuba in 1964. [redacted] stated that the Student Committee for Travel to Cuba was, therefore, planning another trip to Cuba in July, 1964.

A second source, on August 3, 1966, made available an undated memorandum bearing the heading "The Black Panther" which stated "One People - One Aim - One Destiny". This memorandum stated in part that the "Black Panther is seeking human rights, political and economic power for Black America through Black independent political action. When we say Black independent political action, we mean action that is not tied to whitey in any way, manner, shape or form."

The second source advised on September 7, 1966, that as of that date, the address of the BPPNY was 2409 Seventh Avenue, New York, New York.

The second source advised on December 1, 1966, that as of that date, there had been no known activity on the part of the BPPNY in New York City for several weeks due to a split of power among two ruling groups of the BPPNY, the majority of whom were active with RAM.

The second source advised on January 30, 1967, and again on May 2, 1967, that as of the above dates, the BPPNY was out of existence.

APPENDIX

1.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by [redacted] and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

The following references in the file captioned "Revolutionary Action Movement" (RAM) pertain to the RAM activities of Robert Steele Collier in Chicago, Ill., Boston, Mass., and NYC, during 1964-1965. Collier, an RAM member, was considered to be one of the principals in a bombing conspiracy plot to bomb the Statue of Liberty and other national monuments in NYC in early 1965. It was believed there might be some connection between the RAM and the conspiracy group, including Collier, and an investigation was made to develop information that would indicate such a link. A possibility existed that if such information could be developed it could be used as further justification for calling certain RAM members, including Collier, before a Federal Grand Jury in connection with the plot. As of April 1965, Collier reportedly had withdrawn from the RAM because it was not sufficiently militant. In an attempted interview, he proved uncooperative.

The following references in the file captioned "Black Panther Party" pertain to charges made by Roland A. Hayes had been given immunity to testify on 2/21/69 before the Grand Jury in Kings County, NYC District, concerning this matter and it was believed his testimony would include data that he was kidnapped on 2/4/69 by Collier and others for the purpose of forcing him to write and sign a deposition that the FBI had directed him to transport dynamite. As a result of Grand Jury hearings, it was anticipated that warrants of arrest would be obtained for these individuals, including Collier, and that they would be charged with kidnapping, conspiracy, and coercion.

ENCLOSURE

105-71003

On 12/18/72, [redacted] United States Probation Officer, United States Court House, Foley Square, New York City, advised that ROBERT COLLIER continues to report on a monthly basis on a five year probation sentence. [redacted] stated that he has determined that the subject is not involved in any extremist activities and has not been so involved since his release from jail at New York City on May 13, 1971.

b6
b7c

In view of the above and the fact that sources at New York have been negative regarding COLLIER, he is not considered at this time a clear and present danger to the United States, and should be removed from the ADEX.

ADDENDUM:

Collier has had prior affiliation with the Revolutionary Action Movement and in 1964 traveled to Cuba. In 12/68, he was described as Deputy Minister of Education, New York State BPP, but in early 1969 was said to be out of the BPP because of ideological differences. In 1965, Collier was convicted and sentenced to a 5-year prison term for possession of explosives growing out of a plot to blow up the Statue of Liberty. In 1969, he was charged with plotting to kill policemen and conspiring to dynamite city department stores, police stations and a commuters railroad right of way. He was acquitted of these latter charges and was released in mid-1971.

No information has been received since his release which indicates involvement in extremist activity. Accordingly, we are in agreement with the New York Office that subject does not represent a threat to national security at this time. He is being deleted from the ADEX.

ReNYlet dated 5/16/73 and captioned, "BLACK LIBERATION ARMY, EM - UGW" and "ROBERT STEELE COLLIER, EM - BLA".

During early May, 1973, [] a confidential source whose reliability cannot be determined because of insufficient contacts, advised that COLLIER is considered the commander in chief of the Black Liberation Army (BLA). b7D

On 5/11/73, [] CHESROB subject and BLA member, was interviewed by BUagents at the Hillsborough County Jail, Tampa, Florida. During this interview, [] indicated he found it very hard to believe COLLIER could be in any leadership capacity in the BLA. Although [] revealed he had known COLLIER as an active Black Panther Party member and as a member of the Panther 21, the last he heard of subject, the latter was doing some type of welfare work in Greenwich Village subsequent to his expulsion from the BPP. Though [] could not rule out COLLIER's membership in the BLA, he speculated COLLIER may have his own group in Greenwich Village. b6
b7C

On 6/7/73, [] stated COLLIER was living at 617 E 11th St., New York, N.Y. The above source indicated COLLIER had recently been picked up by the New York City Police Department for questioning about some recent bank robberies. A lead is currently outstanding to determine the details of the above questioning. b7D

EXTREMIST MATTERS

AB

DATE: 7/17/73

ReNYteletype dated 7/6/73.

A review of NYO indices reflects this office is carrying two main case files on subject, 157-1411 and 105-71003. The former deals with subject's participation in a plot to blow up the Statue of Liberty, the Liberty Bell and the Washington Monument. The latter concerns itself with subject's activities of an internal security nature. Throughout this period, the Bureau file number has continued to be 105-132441.

In view of the fact that the destruction of Government Property aspect of subject's activities has ceased to be a matter for investigation and that his current activities do not warrant investigation under a 105 caption, the NYO is closing its existing cases on COLLIER and opening a new and separate case on subject under the Extremist Matters caption.

INFORMATIVE NOTE 7/9/73

Date

Attached teletype advises New York City Police Department (NYCPD) arrested Robert Steele Collier and three other individuals for possession of a bomb and felonious conspiracy. Collier and his associates had in their possession an assortment of handguns and shoulder weapons along with eleven hand grenades at the time of the arrest. An additional six hand grenades were recovered based on information furnished by a New York Office informant. Collier was convicted in 1965 of conspiracy to destroy Government property. The conviction arose out of Collier's involvement in a plot to blow up the Statue of Liberty, the Washington Monument and the Liberty Bell. Collier was recently identified as a Black Liberation Army leader by a source of the Cleveland Office. NYCPD had previously advised that associates of Collier were traveling to St. Croix, Virgin Islands, to take photographs of possible targets for some undisclosed revolutionary mission. New York Office is closely following this matter.

Copies of attached being furnished Internal Security and General Crime Sections, Criminal Division of the Department, Secret Service and U. S. Marshals Service.

Investigation in this matter is based on information which indicates the subject is engaged in activities which could involve a violation of Title 18, USC, Sections 2383 (Rebellion or Insurrection), 2384 (Seditious Conspiracy) or 2385 (Advocating the Overthrow of the US Government).

On 8/7/73, Detective [redacted] NYCPD, the undercover police officer who was instrumental in the 7/5/73 arrest of COLLIER and several others in the hand grenade transaction mentioned in reNY teletypes, was interviewed by SAs of the NYO. [redacted] advised subject's involvement in this grenade transaction was as follows:

b6
b7C

[redacted] In June, 1973, subject, along with one [redacted] contracted with one [redacted] to finance the latter in the purchase of hand grenades. However, on the evening prior to the date of the consummation of this sale, 7/4/73, neither [redacted] nor COLLIER could be located to furnish the funds necessary for the grenade purchase, and [redacted] acting as a middleman in the transaction, obtained funds from the NYCPD in order to provide an atmosphere which permitted the NYCPD to make arrests and remove the grenades from circulation. [redacted] stated he did not know COLLIER's purpose or intent in his interest of these grenades.

COLLIER was not arrested at the moment of sale of these grenades, but later, the morning of 7/6/73, in his apartment. Although charged by the NYCPD with possession of explosive devices and criminal possession of stolen property, COLLIER's indictment, showing dismissal of the above charges, only includes one count of conspiracy with an unnamed person, and six counts involving weapons charges. It is to be noted the NYCPD found a .38 caliber automatic pistol in subject's apartment.

[redacted] is mentioned in reNYlet, dated 7/16/73, and is identified as a [redacted] in [redacted] may be identical with [redacted] [redacted] who is identified as active in the Nationalist Party of Puerto Rico (Bufile [redacted]; (NYfile [redacted]).

b6

On 8/30/73, [redacted] US Board of Parole, US Department of Justice, NYC, subject's Probation Officer, stated subject's trial date on the above indictment charges had not yet been set. [redacted] advised subject was currently residing at 93 Avenue B, NYC, and was currently unemployed, living off the funds he had earned as a consultant with New York University. [redacted] stated he would endeavor to set up an appointment with subject for FBI interview in September, 1973, at which time COLLIER will be questioned with regard to his involvement in the above grenade sale and with regard to extremist activities.

b6
b7c

It is to be noted the USA, SDNY, declined prosecution of the individuals directly involved in the grenade sale in favor of local prosecution. However, the USA advised that upon discovery of the particulars of the theft of the above grenades, which apparently occurred at the Naval Ammunition Depot, Earle, Cotts Neck, New Jersey, same should be presented to the USA, by the FBI, Newark.

Robert Steele Collier

This investigation is based upon a request from the United States Department of Justice that investigation be conducted concerning this individual for the purpose of collecting intelligence information the Executive Branch needs to properly and adequately protect the Nation's security and to enforce statutes pertaining thereto.

On July 6, 1973, Captain [redacted] 13th Precinct, New York City Police Department (NYCPD), advised his command had arrested Collier and four other individuals on July 5, 1973. [redacted] stated this arrest had occurred as a result of information provided by an undercover police officer, who advised that those arrested were involved in a hand grenade purchase.

b6
b7C

It is to be noted Collier, along with several others, was arrested, charged and convicted in a 1965 plot to blow up the Statue of Liberty, the Washington Monument and the Liberty Bell.

On August 7, 1973, Detective [redacted] NYCPD, the undercover police officer who was instrumental in the subject's arrest, advised that in June, 1973, Collier allegedly contracted with another individual to finance the latter in the purchase of hand grenades. However, on the evening prior to the date of the consummation of the sale, neither Collier nor his associate could be located to furnish the funds necessary for the grenade purchase and, [redacted] acting as middle-man in the transaction, obtained funds from the NYCPD in order to provide an atmosphere which permitted the police to make arrests and remove the grenades from circulation. [redacted] stated he did not know Collier's purpose or intent in his interest in these grenades.

Robert Steele Collier

[] advised Collier was not arrested at the moment of sale of these grenades but later, during the morning of July 6, 1973, in his apartment, which was several blocks from the locale of the sale. Although charged by the NYCPD with Possession of Explosive Devices and Criminal Possession of Stolen Property, Collier's indictment, showing dismissal of the above charges, only includes one count of conspiracy with an unnamed person and six counts involving weapons charges. It is to be noted the NYCPD found a .38 caliber automatic pistol in subject's apartment.

b6
b7C

On June 24, 1974, [] United States Probation Office, United States Department of Justice, New York, New York, advised subject's trial date has not been set. [] stated Collier has refused to plea bargain in this matter in order to protect his probationary status, which would be violated even if he were to plead to lesser charges. [] further revealed Collier was working as a volunteer health counsellor at the Neighborhood Health Council, 225 Henry Street, New York, New York. [] also disclosed that Collier was regular and prompt in his probationary visits and, to his knowledge, was not engaged in any surreptitious activity.

b6
b7C

On June 24, 1974, Mr. James Keefe, District Attorney, New York County, advised subject would probably not go to trial until September, 1974. Keefe stated his office had unsuccessfully attempted to get subject to enter a plea. Keefe indicated all of the other principals in the grenade transaction had pled guilty with one exception. In this instance, the charges were dismissed.

Confidential sources in the New York area, in a position to furnish information in the extremist field, were unable to provide any information on Collier when contacted in May and June, 1974.

In addition, records of the Intelligence Division, NYCPD, as caused to be reviewed by a representative of the Federal Bureau of Investigation (FBI), were found to be negative on any recent activity concerning Collier.

Articles appeared in the 7/29/75 editions of the "New York Times" and the "New York Daily News" daily newspapers published in New York City stating that a 1973 six-count indictment, charging COLLIER with selling hand grenades and other illegal weapons to an undercover officer of the New York City Police Department (NYCPD) had been dismissed on 7/28/75 in Manhattan Criminal Court. The motion to dismiss the indictment was granted by Acting Supreme Justice PETER M. MC QUILLAN, who stated in his 56-page decision that there was "a compelling need for legislation to govern covert Police activity."

Justice MC QUILLAN stated that five days after COLLIER and twelve other defendants were acquitted of an alleged conspiracy to bomb Police Stations and other public places in May, 1971, a Police unit, known as the Bureau of Special Services (BOSS), sent an undercover detective, [redacted] to infiltrate the community COLLIER resided in. Justice MC QUILLAN continued that at that time there was

"no probable cause" to believe that a crime had been committed. In his opinion, Justice MC QUILLAN stated that "a Police agency does not have power to plant a spy within a community." In his opinion, "such unbridled power clashes with the value of an open society."

Justice MC QUILLAN said that his decision was not intended to hamper traditional undercover infiltration prompted by some evidence of criminal activity, but that the Police went "too far in this case." He stated that his decision to suppress the evidence gathered during the investigation and to dismiss the indictment "constitutes partial reparation for the unwarranted ruptured privacy of the defendant's person, home, papers, and effects."

ROBERT M. MORGENTHAU, Manhattan District Attorney, stated that after reading the opinion, he would decide whether or not to appeal Justice MC QUILLAN's decision.

BLACK PANTHER PARTY
FORMERLY KNOWN AS THE BLACK PANTHER
PARTY FOR SELF-DEFENSE

The Black Panther Party (BPP), organized in December, 1966, at Oakland, California, by Huey P. Newton and [REDACTED] has the publicly-stated purpose of organizing black people to take control of the life, politics and destiny of the black community. The Party, operating the Black Panther Intercommunal News Service, publishes a newspaper called "The Black Panther," which at one time openly advocated the use of guns and guerrilla tactics in a revolutionary program to end the oppression of the black people but since early 1971 has spoken for a survival program pending revolution. BPP national headquarters, aka Black Panther Intercommunal Headquarters, is located in Oakland, California.

b6
b7C

While openly advocating direct overthrow of the U. S. Government by force and violence until 1971, leaders have since avoided extreme statements in favor of calling for action within the established order. Newton, in an interview appearing in the May, 1973, issue of "Playboy" magazine, stated the Panthers' chief ambition is to change the American Government by any means necessary but that ultimately such change will be through armed violence.

Despite its claimed dedication to community service, indicators of the BPP's continued attraction to violence persist. Since July, 1974, Newton and other BPP members have been arrested in Oakland, California, for threatening police officers, murder of a 17-year-old female and the pistol whipping of Newton's tailor. Newton failed to appear on these charges and is now a local fugitive. Additionally, one died and three were wounded as a result of a shooting at a BPP-sponsored dance in Oakland, California, in October, 1974.

FUERZAS ARMADAS DE LIBERACION NACIONAL PUERTORRIQUENA
(ARMED FORCES FOR PUERTO RICAN NATIONAL LIBERATION)
(FALN)

The Fuerzas Armadas de Liberacion Nacional Puertorriquena (Armed Forces for Puerto Rican National Liberation) (FALN) describes itself in its Communique Number One, dated October 26, 1974, as part of the international workers revolution and all people fighting for national liberation. In this communique claiming credit for the bombing of five banks in New York City (NYC) on October 26, 1974, the FALN advised it was attacking "major yanki corporations in NYC in commemoration of the October 30, 1950 uprising in Puerto Rico against yanki colonial dominations"; demanding "the release of the five Puerto Rican political prisoners"; and demanding "the immediate and unconditional independence of Puerto Rico." The FALN subsequently claimed credit in its Communiques Numbers Two and Three for the booby-trap bombing in NYC seriously injuring a New York City Police Department (NYCPD) Officer on December 11, 1974, and the bombing of Fraunces Tavern Restaurant in NYC on January 24, 1975, in which four persons were killed and approximately 57 injured. On April 2-3, 1975, explosions occurred at four businesses in NYC, resulting in property damage. FALN Communique Number Four claimed credit for the bombing of Fraunces Tavern Restaurant on January 24, 1975. In Communique Number Four, the FALN advises "To the FALN, the issue is very clear; at no time can we allow an attack by the enemy upon our people go unanswered. Facist terror is met with revolutionary violence." All four FALN Communiques mentioned above were recovered by the NYCPD from telephone booths and news media publications. On June 14, 1975, two explosions occurred in Chicago, Illinois, resulting in slight property damage. Shortly after these bombings, the Chicago Police Department recovered FALN Communique Number Five. In this communique, the FALN advised that the bombings "demonstrate to the United States Government that the mobile guerrilla units of the FALN can hit anywhere in the United States." This communique again demanded the immediate release of "four NATIONALIST PRISONERS being held in yanki jails, and the unconditional independence of PUERTO RICO." The communique further made reference to the Puerto Rican Day Parade being held in Chicago on June 14, 1975, and advised that the FALN expressed their solidarity with the victorious people of Vietnam, Cambodia, and Laos.

VENCEREMOS BRIGADE

The Venceremos Brigade (VB) was formed in June, 1969, in cooperation with the Cuban Government to show support for a successful communist revolutionary government and to encourage American youth to travel to Cuba in defiance of a ban on travel to Cuba by the U.S. Department of State. The VB seeks participation of subversive people in the United States, based on their support for the communist regime and desire to aid in harvesting agricultural products and construction of housing in Cuba. The VB has stated it will seek to educate people about imperialism and foster a revolution against it. Individual members of the VB have made statements to the effect that the most significant effect of the Brigade would be to build a revolutionary movement in the U.S. around those who go to Cuba. The VB utilizes a questionnaire to screen applicants and recruitment for membership in recent Brigades has favored individuals with subversive backgrounds. It is known that officials of the Cuban Government have played a dominant and decisive role in the formulation of VB policy and in selection of VB leaders and members for recent VB contingents. VB members are known to have been contacted by various hostile intelligence services while in Cuba and it is known that the VB is being used by these intelligence services for spotting purposes as well as recruiting intelligence agents and support personnel. The VB is currently headquartered in New York City.

WEATHERMAN

The Weatherman group, now commonly referred to as the Weather Underground, was formed in June, 1969, as a faction of the Students for a Democratic Society. A Weatherman ideological paper entitled "You Don't Need a Weatherman to Know Which Way the Wind Blows," prepared in June, 1969, stated the basic philosophy of this group is Marxist-Leninist in content but with strong advocacy that action, not theory, would bring about revolution in the United States. In mid-February, 1970, members of the Weatherman entered an underground status with an intended program of "strategic sabotage" with police and military installations as primary targets.

Current Federal warrants are outstanding for a number of Weatherman wanted for violations of Federal statutes and local criminal violations. Since 1970, the Weather Underground has claimed responsibility for a number of bombings, including the U. S. Capitol Building in March, 1971; the Pentagon Building in May, 1972; and the Anaconda-American Brass Company Building in Oakland in September, 1974. In October, 1973, a Weatherman fugitive, in a letter to the press, encouraged other revolutionaries to assume an underground status, noting that the underground provides a revolutionary haven for operations looking toward the violent overthrow of this Government.

In the late Summer, 1974, Weather Underground issued a 185-page booklet entitled "Prairie Fire." The introduction is dated May 9, 1974, and the book is broken down into various chapters including one identifying specific locations where 19 bombing incidents occurred wherein the Weather Underground is taking credit. This book calls for "the violent overthrow of the bourgeoisie, the establishment of the dictatorship of the proletariat, and the eradication of the social system based on profit."
